

ACCELERATE 2023

(Sponsor Sample LinkedIn/Twitter Posts)

NOTE: Sponsors should follow the Accelerate 2023 page on LinkedIn and Facebook as well as its account on Twitter. The hope is that sponsors will share posts made by VisionLink on those pages—in addition to any independent sharing/posting your organization does. That said, following are sample posts that sponsors can use in promoting the conference on social sites. However, sponsors are not limited to the samples listed here. You should feel free to develop your own posts and messaging.

VisionLink will be adding to the sample language found here as its own social media campaigns are rolled out.
